

Horizon Europe Support Organizations

EU –Korea Research and Innovation Day

24 March 2026

Dr. Tomasz Wierzbowski
EURAXESS Korea Representative
MSCA-GLOPOL Korea Liaison Officer

About the European Union

- the European Union (EU) has long emphasized the need for innovation as a vehicle for promoting stable and sustainable economic development and enabling a quantum leap in development to allow everybody a better life.
- With just 7% of the world population, the European Union takes up 20% of the global R&D expenditure, 27% of patent applications, and 32% of all high-quality scientific publications.
- The wealthiest marketplace in the world
- Controller of one of the two leading international currencies (Euro)
- The biggest trading power in the world
- The biggest market for mergers and acquisitions
- The biggest source of foreign direct investments
- The biggest donor of official development assistance

Global Cooperation Policy Enhancement and Strategic Promotion

Strengthening Europe's position in international research collaboration through the Marie Skłodowska-Curie Actions programme across 20 countries and 6 regions

MSCA-GLOPOL has received funding from the European Union's Research and Innovation Program Horizon Europe under grant agreement No 101202507

**Funded by
the European Union**

Three pillars of excellence

POLICY

Tracking progress & opportunities

Monitor participation trends and cooperation challenges in MSCA bilateral and bi-regional partnerships through quantitative and qualitative assessment.

PROMOTION

Strategic promotion

Coordinate with local information networks to ensure strategic, targeted and effective promotion of MSCA opportunities for institutions.

SYNERGIES

Strengthening synergies

Align MSCA activities with other EU research and innovation initiatives for maximum impact.

European Grants – who can benefit?

Marie Skłodowska-Curie Actions (MSCA)

- Supports researchers at all career stages and across all research disciplines
- Encourage transnational, intersectoral and interdisciplinary mobility
- Enables research-focused organisations to host talented foreign researchers and to create strategic partnerships with leading institutions worldwide.
- Equip researchers with the necessary skills and experience to support long-term employability
- Supports fundamental research to market take-up and innovation services.
- Fields are chosen freely by the applicants (individuals and/or organisations) in a fully 'bottom-up' manner.

How do these relate to MSCA in Horizon Europe

❖ Continuation of MSCA policy objectives and structure

- ❖ to support researcher training and career development, to create impact on researchers, institutions and systems

❖ Creating impact on researchers, institutions and systems

- ❖ Continued commitment to the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers + Innovative Doctoral Training Principles

• Promote and reinforce the 3 'I's' - inter-sectoral, interdisciplinary and international mobility

• Better alignment with EU priorities

- Contribution to the European Green Deal objectives
- Contribution to the Climate Action target of Horizon Europe
- Contribution to the European Research Area (ERA) and European Education Area (EEA)

MSCA Doctoral Networks (DN)

- formally Innovative Training Networks (ITN)

MSCA Postdoctoral Fellowships (FP)

- Formally Individual Fellowships (IF)

MSCA Staff Exchanges (SE)

- Formally Research and Innovation Staff Exchange (RISE)

MSCA Co-funding of regional, national and international programmes (COFUND)

- Formally Co-funding of regional, national and international programmes (COFUND)

MSCA and Citizens

- Formally Researchers Night (NIGHT)

MSCA – Doctoral Network (DN)

- Aims to train creative, entrepreneurial, innovative and resilient doctoral candidates
- consortia of universities, research institutions and research infrastructures, businesses including SMEs, and other socio-economic actors come together to set up doctoral programmes including:
 - ❖ **Industrial Doctorates:** Training in academia and industry, Joint supervision
 - ❖ **Joint Doctorates:** Joint collaborations leading to a joint/multiple doctoral degree, Joint selection and supervision;
- Up to 360 person-months (standard) + 180 additional person-months for joint or industrial doctorates (incentive)
- Secondments: worldwide, up to 1/3 of the fellowship duration
- Industrial doctorates: 50% in the non-academic sector; can be in the same country as the academic host organisation
- Resubmission Restrictions: Scored less than 80% in previous call

MSCA – Doctoral Network – Eligibility

Consortium

- at least 3 independent legal entities, each established in a different MS or AC and at least 1 in an MS
- For Industrial Doctorates, at least one of the three independent legal entities must be from the academic sector and at least one must come from the non-academic sector

Supported Researcher

- must be doctoral candidates, i.e. not already in possession of a doctoral degree at the date of the recruitment.
- Researchers may not have resided or carried out their main activity (work, studies etc.) in the country of their (main) host organisation for more than 12 months in the 36 months immediately before the applicable reference date.

MSCA – Staff Exchange

- promotes innovative international, inter-sectoral and interdisciplinary collaboration
- Consortia of universities, research institutions and research infrastructures, businesses including SMEs, and other socio-economic actors that exchange of staff members
- Integrating the triple I (I3) approach – International, Inter-sectoral, Interdisciplinary
- Up to 360 person-months
- Secondments:
 - ❑ between countries worldwide and between independent entities
 - ❑ 1-12 months per staff member; interdisciplinary secondments possible within Europe (max 1/3 of the total person months)

MSCA – Staff Exchange Eligibility

Consortium

- at least three independent legal entities in three different countries, two of which established in a different EU MS or AC
- If all participating organisations are from the same sector there must be at least one organisation from a non-associated TC

Seconded Staff

- Any types of staff contribution to R&I activities (researchers, administrative staff, managerial Staff, Technical Staff etc.)
- At any career stage
- Must be engage in R&I activities for at least 1 month at sending organisations prior to secondment

MSCA – COFUND

- Co-finances new or existing **doctoral programmes** and **postdoctoral fellowship** schemes
- Spread best practices of the MSCA by promoting high standards in the recruitment process and excellent working conditions
- Introduce sustainable structuring effects, by promoting excellent and sustainable research training
- Programme: max. 60 months with the individual fellowship between 3 and 36 months
- Secondments: up to 1/3 of the fellowship duration

MSCA – COFUND – Eligibility

Consortium

- Single legal entity established in an EU Member State or HE Associated country
- Can include implementing partners

Targeted Groups

- Doctoral Candidates
 - Researchers without a doctoral degree at the co-funded programmes call deadline
- Postdoctoral researchers
 - Researchers with a doctoral degree at the co-funded programmes call deadline
- MSCA mobility rule will apply to recruited researchers

How to find a partner and how can we help?

Welcome

This site is dedicated to researchers, research managers and MSCA National Contact Points involved in the preparation and support of proposals under the Marie Skłodowska-Curie Actions.

This page provides practical guidance, supporting documents, and additional resources to strengthen your MSCA application. The materials complement the official call documents and the information available on the European Commission's official MSCA webpages, offering clear and structured support throughout the proposal preparation process for both applicants and MSCA NCPs.

[Sign in](#) [EN](#)

Discover the funding & tenders opportunities

Find out how to participate by following these key steps.

Find calls for proposals

Explore the available EU funding opportunities by searching for calls for proposals within your topics of interest, find partners and submit a proposal.

Find calls for tenders

Find business opportunities in the calls for tenders managed by EU institutions, bodies and agencies.

View projects and results

Browse through EU funded projects and learn about the results. Invest in opportunities and get inspired by the highlights and success stories.

Work as an expert

Proposals and projects need evaluations, monitoring and domain-specific knowledge advice from experts.

<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/home>

National Contact Points

- **National Contact Points** are support structures established by Member States (MS), Associated Countries (AC) and many third countries, recognized by the European Commission (EC) to help participants to access the different EU Programme opportunities through advice, practical information, and assistance in all aspects. For Horizon Europe, there are 17 NCP different functions plus the NCP national coordinators network.

The screenshot displays the 'EU Funding & Tenders Portal' with a navigation bar including 'Home', 'Funding', 'Procurement', 'Projects & results', 'News & events', 'Work as an expert', and 'Guidance & documents'. A search bar is located on the right. The main content area is titled 'National Contact Points for Horizon Europe' and includes a brief description of the NCP network. A 'Filters' section on the left shows '55 results found' and a list of filters including 'NCP Coordinator' (selected), 'Legal and Financial aspects', 'European Research Council', 'Marie Skłodowska-Curie Actions', 'Research Infrastructures', and 'Health'. A list of NCPs is shown, including 'Woohyun Cho' from 'South Korea' and 'WARSZAWA - Poland'. A 'Country' dropdown menu is also visible. On the right, the 'NCP Services' section lists five basic services available to participants, followed by a section titled 'What is the NCP network?' which explains that NCPs are established and financed by governments of EU member states and associated states.

Enterprise Europe Network

- [Enterprise Europe Network](#) Support in the search and participation in international partnerships. Experience, contacts and events to connect you with the right international partners to grow your business.

The screenshot displays the Enterprise Europe Network website interface. At the top, there is a logo for 'enterprise europe network' and a search bar with a 'Log in' link and a 'Search' button. Below the header, a navigation menu includes links for 'Home', 'About us', 'Partnering opportunities' (which is highlighted), 'Local contact points', 'News', 'Events', 'Blog', and 'Success stories'. The main content area is titled 'Partnering opportunities' and shows a list of results. On the left, there are filters for 'Keywords', 'Type of profile', 'Type of partner', and 'Type of partnership', each with a dropdown menu. The main results section shows 'Partnering opportunities (5664)' and 'Showing results 1 to 10'. The first result is a 'Business Offer' with ID 'BOUA20250303020' titled 'A Ukrainian company is specialized in wheat flour manufacturing is looking for distributors'. The description states: 'The company can provide fine flour and bread flour in large quantities or even in bulk. The Mill produces high-quality wheat flour from locally sourced and carefully selected soft wheat. They can deliver their products in bulk or in various packaging options, such as 1, 1,8 and 2,5 kg paper bags, as well as PE bags 10,25,50 kg.' It also indicates the offer was posted '12 hours 55 minutes ago' and is located in 'Ukraine'. The 'Type of partnership' is listed as 'Commercial agreement' and 'Market keywords' are shown at the bottom.

CORDIS

- **CORDIS** - (Community Research and Development Information Service) is the European Commission's primary source of information on EU-funded research projects. It provides access to details about projects funded under the EU Framework Programmes for Research and Innovation, including Horizon 2020 and Horizon Europe.

Projects & results

Since the 1980s, the EU has funded thousands of research projects through its framework programmes.

Access detailed information about all these projects, **download** entire framework programmes' data as open data, **read** articles highlighting key projects, and **explore** interactive maps showing project connections and advanced dashboards for deeper analysis.

Looking for regional insights, beyond the FW programmes? Have a look at the [Kohesio](#) database for projects co-funded by the EU cohesion policy.

Horizon Collaboration Network

An interactive map that unveils the connections within EU research funded by the Horizon framework programmes

Project of the month

Every month we select a project that has particular potential for innovation in its field of science

Life after...

What happened next? Find out how a project team has taken their research or product further after the end of the project

Your own network...

EURAXESS Event - Research in Europe: Your Next Career Destination!

24 September, Courtyard Marriott Namdaemun, Seoul.

IV: WORLDWIDE

43+ countries!

Promote exchanges: mobility and cooperation

No brain drain!!

Thank you!
