

# Horizon Europe

## MSCA National Info Day in Morocco

Université Ibn Tofail: University Ibn Tofail

**22 April 2026**

### Agenda

MSCA-GLOPOL has received funding from the European Union's Research and Innovation Program Horizon Europe under Grant Agreement No 101202507

**Venue:**

University Ibn Tofail

**Aim of the Infoday:**

This information session aims to strengthen awareness and engagement with the Marie Skłodowska-Curie Actions (MSCA) under Horizon Europe, and to promote MSCA Doctoral Networks (DN) and Staff Exchanges (SE) among relevant institutions in Morocco. MSCA funds excellent research and innovation and supports researchers at all career stages by providing new knowledge and skills through international mobility and exposure to different sectors and disciplines, thereby strengthening Europe's long-term research and innovation capacity.

As MSCA remains a relatively new programme for universities, public administrations, as well as academic and non-academic institutions in Morocco, this session aims to present its main schemes, in particular Doctoral Networks, Staff Exchanges, and Postdoctoral Fellowships.

The event is organised in close cooperation with the Ministry of Higher Education, Scientific Research and Innovation in Morocco, the European Commission's Directorate-General for Education, Youth, Sport and Culture (DG EAC), as well as the MSCA-GLOPOL project funded by the European Commission. The working language of the event will be French.
