Country status

Morocco is currently a non-associated third country under Horizon Europe and, as a low- to middle-income country, is eligible to receive EU funding. Negotiations on its association to Horizon Europe were launched in 2021 but are currently paused.

Implications for MSCA participation

Moroccan organisations can participate and receive EU funding in MSCA actions that are open to organisations established in non-associated third countries. Their eligibility and possible role vary depending on the specific MSCA Action and call conditions.

MSCA within Horizon Europe

As of 1 August 2026, Moroccan organisations had recorded 34 participations in MSCA, out of a total of 81 participations in Horizon Europe. MSCA therefore accounted for 42.0% of all Horizon Europe participations by Moroccan organisations.
